

SCHOTT
glass made of ideas

Glass tubes
for wall systems

Interior Design

CONTURAX® Pro provides exceptional diversity of shapes with endless possibilities e.g. for partitioning walls or bar systems made out of glass.

Innovative glass wall system

- Flexible in length, height, diameter and form
- Lighting and any kind of further processing of tubing are possible
- The wall system has been realised with the company Octatube (NL)
- Costs: upon request
