SCHOTT
Positive List of
Optical Filter Glas
2020

SCHOTT Positive List of Optical Filter Glasses

SCHOTT self-commitment to announce glass discontinuation years in advance.
Version November 2019, effective from 1.1.2020

Our portfolio glasses are melted regularly for a long-term period

The following glasses will remain in our portfolio for at least the next 5 years from the effective date. This list is subject to annual updates*.

Any glass removed from this list in an update will then be scheduled as an "Inquiry Glass" for 5 years before it finally becomes an "Obsolete Glass" (see following sections).

This procedure will provide confidence and trust in the long-term supply of our portfolio.

UV-Bandpass	Bandpass		Multi-Bandpass	Longpass		Shortpass	Neutral density
UG1	BG3	BG60	BG36	N-WG280	OG515	KG1	NG1
UG2A	BG7	BG61	S8008G	N-WG295	OG530	KG2	NG3
UG5	BG18	BG62		N-WG305	OG550	KG3	NG4
UG11	BG25	BG63	S8802	N-WG320	OG570	KG5	NG5
		BG64	S8806A	S8003N	OG590		NG9
	BG38	BG66	S8808	GG395			NG11
	BG39	BG67	S8809	GG400	RG610		Grey25
	BG40			GG420	RG630		Grey50
	BG42	S8612		GG435	RG645		
	BG55	S8022		GG455	RG665		
	BG57	S8023		GG475	RG695		
				GG495	RG715		
		VG9			RG780		
		VG20			RG830		
					RG850		
					RG9		
					RG1000		

Table 1: SCHOTT portfolio glasses: long-term availability

The stock of our portfolio glasses is replenished on a regular basis, however, the glass types are not available at all times in every format.

For information about available geometries of matte plates, polished filters, or coated filters, please contact us.

Glasses that are scheduled to become an inquiry glass

The following glass types will become an inquiry glass on the date designated below. These glasses are handled in the same way as portfolio glasses and they are melted regularly until the designated date. From that day onwards they are still available as such, but new melts are made on customer demand only.

Glass type	will become an inquiry glass by
BG66HS	1.1.2024
S8809	1.1.2025

Table 2: Portfolio glasses which are scheduled to become an inquiry glass

Inquiry glasses are produced on special request

Some optical filter glass types are low in demand and our stock will not be replenished on a regular basis. The following inquiry glasses will be manufactured on customer demand only. We will gladly discuss minimum purchase quantities, specifications and costs with you.

UV-Bandpass	Bandpass	Multi-Bandpass	Longpass	Shortpass	Color conversion	Neutral density
UVISOL 2008	BG4	BG20	WG225	KG4	FG13A	NG10
	BG12	S8003G	Filter 316			
	BG23		Filter 320			
	BG24A	S8807	Filter 322			
	BG26	S8817	Filter 324			
	BG28		Filter 326			
	BG34A		GG385			
	BG50		Soladur			
			Amadeus			
	Green810					
	EuphosC					
	VG6					
	VG14					

Table 3: Inquiry glasses

Obsolete glass types

Inquiry glass types which have not been ordered in the past 5 years will become obsolete. Any glass which cannot be melted due to technical or legal reasons will become obsolete as well. The following glass types are obsolete:

FG3, M-UG2, M-UG6, S8005, S4020, UVILEX, URO H9

*Please note

This list is updated every year. The filter glasses are melted in campaigns. The time interval between the melts varies for each glass. Therefore, the short term availability is subject to prior sale.
